EXPERIENCE

Senior Product Designer — Intelligence Systems

U.S. Navy, Naval Information Warfare Center Pacific • Nov 2019 - Present

Modernizing legacy intelligence platforms for thousands of intelligence operators, bringing commercial-grade UX standards to classified, air-gapped environments.

- Cut mission-critical reporting time by 25% by streamlining workflows based on direct user research
- Transformed briefing workflows from static slides into interactive data visualizations, improving decision-making speed
- Sole design lead for three core platforms, managing full lifecycle from discovery through delivery
- Secured budget for design resources by demonstrating operational ROI of UX to non-technical stakeholders
- Design for air-gapped systems, solving for complex data constraints without standard internet access

Manager, User Experience — Consumer Platforms

URBN (Urban Outfitters, Anthropologie, Free People, Nuuly) • Nov 2017 - Oct 2019

- Managed team of 8 designers while hands-on designing Nuuly rental platform from concept to launch
- Designed Nuuly warehouse operations from 0→1, including receiving workflows, wear tracking, and inventory retrieval
- Led navigation redesign that drove 20% traffic increase to product category pages across four brands
- Structured design team to create clear career paths and strategic partnership with product leadership
- Established design systems and processes that improved delivery speed across all brand teams
- Partnered with C-suite leadership to define digital roadmap across \$4B retail portfolio

Director, User Experience — Web & Mobile Products

Tonic Design Co. • Jun 2014 - Jul 2017

- Promoted from Senior Designer to Director within 3 years; led product strategy for enterprise and retail clients
- Designed Abercrombie & Fitch loyalty program, driving 30% increase in repeat app visits
- Led strategy and concept validation to help agency win new business in retail and healthcare
- Standardized agency design processes to reduce onboarding time and improve delivery speed

Senior User Experience Designer – Enterprise Network Monitoring

SevOne • Jan 2014 - Jun 2014

- Built product demos and platform designs instrumental in securing \$48M Series C funding from Bain Capital
- Designed complex network monitoring tools for enterprise IT environments

Director, Experience Design – Digital Products

Empathy Lab (now EPAM) • Feb 2010 - Jan 2014

- Led product design for Fortune 500 clients including DirecTV, Lionsgate, and the American Red Cross
- Promoted from Senior Designer to Director; established UX research methodologies that became agency standards across 20+ projects

Information Architect – Video Platform

Comcast • Apr 2006 - Jan 2010

- Designed the information architecture for Comcast's nationwide Video On Demand service, accessible to millions of households
- Leveraged viewership data to optimize content discovery and increase subscriber retention
